TERMS AND CONDITIONS AND GUIDELINES

ARRIVAL & FLYING DATE

Our Chardham Yatra by Helicopter tours are booked based on fixed departure dates. However, passengers are required to arrive in Dehradun one day prior to the scheduled departure flying date. A complimentary overnight stay in Dehradun is included on the arrival day, making the package a 5 Nights / 6 Days tour. The actual helicopter journey begins on Day 2 of the tour.

SEATING CAPACITY

The maximum seating capacity for our helicopters is 06 passengers + 01 crew member.

FIXED FLIGHT TIMINGS

This is a daily fixed departure helicopter tour and all flight timings for each destination are pre-scheduled. Therefore, passengers must ensure they report as per the scheduled Estimated Time of Departure (ETD) on each day. Failure to do so will result in a "No-Show" status.

Yatra Registration Requirement

In the event that online Yatra registration becomes mandatory, passengers will be required to complete the registration process on their own before the commencement of travel. The registration is Aadhaar-based and requires OTP verification linked to the passenger's Aadhaar card.

HELICOPTER WEIGHT LIMITATIONS

We operate multiple helicopter flights each day for the Chardham Yatra, each with separate time schedules, itineraries and hotel arrangements. We may adjust passengers according to their body weight. The maximum permissible weight capacity of the helicopter is **450 kgs.** (excluding baggage). Passengers are taken on board depending up on the load and temperature conditions. Pilots call will be final. Total weight of all passengers on board must be within this limit. Hence, passengers are required to provide us their exact body weights at the time of booking.

PASSENGER WEIGHTS

Passengers must provide accurate body weight during booking. If any change in weight found at the time of their travel from the submitted weights, which would exceed our aircraft's weight carrying capacity of 450 kgs, passenger(s) would be de-boarded & cancelled for the Chardham Helicopter tour without any refund. We recommend using a precise weighing scale, including shoes, wallet, mobile phone and hand-carry while checking weight to ensure accuracy.

- As multiple helicopters operate daily, passenger seating may be rearranged based on body weight, which may lead to variation in flying times.
- In case of a family booking comprising **5 passengers**, the group will be allocated across two helicopters, with 3 passengers assigned to one helicopter and 2 passengers to the other helicopter.

OVER-WEIGHT CHARGES: ON PER SEAT ONLY

The maximum permissible weight limit for the helicopter is **450 kg for 6 passengers**, which averages **75 kg per person**. Passengers exceeding this average weight of 75 kg will be liable to pay overweight charges at **INR 2,500/- per kg**. Any discrepancy between the declared and actual body weight found at the time of boarding will be subject to additional charges, which must be paid before boarding.

Baggage Allowance

Each passenger is allowed to carry **one duffle bag** weighing between 2 kg to 5 kg. Suitcases or hard luggage bags are strictly not permitted on board. To ensure compliance, our staff provides standard duffle bags to all passengers upon arrival. We strongly advise passengers to travel light. Any additional luggage can be securely stored in the hotel's or helipad's cloakroom facility.

Baggage allowance is based on the combined group body weight. If the group's total body weight exceeds the allowable limit of 450 kgs, luggage will be transported by road at an additional cost of INR 60,000/-, which will be equally shared by all passengers in that helicopter. Under no circumstances will excess baggage be allowed onboard, in adherence to aviation safety regulations.

In view of our helicopters' limited weight carrying capacity, we reserve the right to shuffle passengers between helicopters to manage the right weight for safe flying in the hills. Therefore, passengers travelling together may not be accommodated in same helicopter flight.

BAD WEATHER AND FORCE MAJEURE DISCLAIMER

In case the Chardham Yatra is delayed (after flying from Dehradun) due to bad weather or any other unforeseen reasons, the Yatra Flying to next dham will be conducted on the next available date. The company has the right to change the itinerary in the event of adverse weather condition or any unforeseen circumstances which is beyond our control.

Any inconvenience arising from Helicopter flight cancellations is beyond the control of the operator. In such events, no compensation or reimbursement will be provided for accommodation, transportation, meals or any additional travel expenses incurred by the guests.

Flying in hilly regions is subject to several force majeure conditions, which may result in delays or complete cancellation of flights. These conditions include:

- Adverse weather
- Delayed air traffic clearances/permissions
- VVIP movements
- NOTAMs (valley flying restrictions by Indian Air Force)
- Sudden technical issues in the aircraft
- Illness of flying crew
- Late reporting by passengers at helipads

Therefore, passengers must be prepared to face any eventuality and inconvenience in case of such scenarios. **In case of extended stay or alternate travel arrangements, additional costs must be borne by the customer.** The company is not liable for any changes in the tour program due to natural calamities or unforeseen events. Passengers scheduled for departure from Dehradun on their respective travel dates will be given priority over any backlog passengers from previous days.

Kedarnath Bad Weather Disclaimer

Helicopter operations at Kedarnath are frequently affected by adverse weather conditions, which are common in the Kedar Valley. In such events, passengers may be compelled to stay overnight at Kedarnath. In these circumstances, our team will make every effort to arrange guesthouse accommodations at Kedarnath, subject to availability and on an ad-hoc basis.

Please note: The cost of such accommodation will be borne directly by the guests. Furthermore, no refund will be provided for pre-booked accommodation at Sersi, Guptkashi or Phata in the event of an unscheduled overnight stay at Kedarnath due to weather disruptions.

MOBILE NETWORK

Mobile network connectivity is limited in Harsil and Badrinath. While BSNL and Jio are the primary service providers in these regions, network availability is not guaranteed. However, our on-ground staff will always be available to assist passengers.

CONDUCT & SAFETY POLICY

LIH reserves the right to deny boarding or cancel the tour of any passenger who is found to be unruly, abusive, intoxicated, medically unfit, mentally unstable or otherwise deemed unsafe to fly.

NO CONCESSIONS

There are no discounts or concessions available for children or senior citizens for the helicopter Yatra.

MEDICAL EMERGENCIES

All temples in Chardham are located in high altitude areas. Passengers having asthma problems should not undertake this Yatra. LIH will not be liable for any medical emergency on the ground to the passengers. Therefore, in your own interest, passengers are hereby advised to kindly consult a doctor and get medical check-up done before commencing the yatra. Medical check-up is mainly required if a passenger has any medical ailment or condition. Pilgrims are also advised to carry a small oxygen bottle with them as a precaution. It is available at medical shops.

FITNESS REQUIREMENTS

Pilgrims are expected to be in good physical condition. It is advisable to engage in light exercises or jogging in the weeks leading up to the Yatra to build stamina and prepare for high-altitude travel.

TEMPERATURE & MEDICAL ADVISORY

All temples in the Chardham region are located at high altitudes, where nighttime temperatures can drop drastically to 2°C or below. Passengers are strongly advised to carry heavy woolen clothing, including thermal wear, gloves, and head coverings, to ensure protection against cold weather. Additionally, due to the altitude and weather conditions, passengers should carry essential medications and consult their physician before travel, especially if they have pre-existing health conditions.

KEDARNATH BASE CAMPS

Kedarnath has three designated base camps: Phata, Guptkashi, and Sersi. For larger groups traveling in multiple helicopters, it is possible that each helicopter may land at different base camps or helipads, depending on the permissions and availability. We have to complete the entire yatra as per the group in the same helicopter since each helicopter has different flying timings and permissions.

While changing helicopters at Kedarnath or Guptkashi, the waiting time may vary between 10 minutes to 3 hours, depending on shuttle availability, weather conditions, or technical reasons.

HOTELS

In case of unforeseen situations such as landslides, power outages or other natural circumstances, the pre-booked Hotel accommodation may be changed. In such cases, we will arrange for an alternate property of the same or higher category (subject to availability). During peak seasons, hotel changes may occur at any location, but we assure passengers of equivalent standard lodging.

REPORTING TIME AT HELIPADS

All passengers will be required to report at the designated helipads at least 1 hour prior to the scheduled departure time. In some cases, passengers may experience a longer waiting period at helipads, depending on operational clearances.

COVID Travel Guidelines

COVID protocols shall be adhered by the passengers and LIH as per the effective mandate of the government. Without adhering to the government guidelines, boarding can be denied to the passengers without refund.

Weather & Delays Policy:

In case the Yatra cannot be completed within the planned timeframe due to bad weather or technical issues, the company will attempt to cover the remaining Dhams by rescheduling them for the following day(s), subject to weather conditions.

- We strongly recommend booking your return flight at least one or two days later to avoid inconvenience.
- The company will not be responsible for any flight cancellations or extra travel costs incurred due to delays.
